The California Board of Corrections JAIL PROFILE SURVEY: QUARTERLY REPORT

REPORTING PERIOD

PERSON REPORTING:	DATE
JURISDICTION:	PHONE:

INSTRUCTIONS

For questions 1 through 6, the numbers you submit should be the total as of the middle of the quarter in question (i.e., Feb. 15, May 15, Aug. 15, or Nov. 15).

1) CURRENT NUMBER OF INMATES CLASSIFIED AS "3RD STRIKE"

Enter the total number of inmates in your system who have 3rd Strike charges pending (i.e., those 3rd Strike inmates for whom no court disposition has been made).

2) CURRENT NUMBER OF INMATES CLASSIFIED AS "2ND STRIKE"

Enter the total number of inmates in your system who have 2nd Strike charges pending (i.e., those 2nrd Strike inmates for whom no court disposition has been made).

3) CURRENT NUMBER OF JUVENILES IN CUSTODY (AS PER 707 OF W&I CODE)

Enter the total number of juveniles who were housed in your system as of the middle of this quarter.

4) CURRENT NUMBER OF UNSERVED FELONY WARRANTS IN YOUR COUNTY

Enter the total number of unserved felony warrants in your system as of the middle of this quarter.

5) CURRENT NUMBER OF UNSERVED MISDEMEANOR WARRANTS IN YOUR COUNTY

Enter the total number of unserved misdemeanor warrants in your system as of the middle of this quarter.

6) PERCENTAGE OF YOUR CURRENT INMATES BELIEVED TO BE UNDOCUMENTED ALIENS

Enter the current percentage of immates in your system that you believe to be undocumented aliens. You may be able to estimate the number because you routinely ask immates about their status; or your estimate may result from the number of people with INS holds; or your estimate may come from a research survey. If you have a reasonable estimate of the percentage, or an actual count, then indicate the percentage of undocumented aliens in your system. Otherwise, put "don't know." Do not simply guess what the percentage might be.

For question 7, indicate the total number for the full quarter.

7) NUMBER OF INMATE ASSAULTS ON STAFF DURING THIS QUARTER

Enter the total number of inmate-on-staff assaults during this quarter. The number should be the total incidents which resulted in a crime report (and not relatively trivial incidents or confrontations).
